

## Gay Cruises

Gay Cruises and Tours are HOT right now and for good reasons!

Cruises are:

- Effortless, exotic and affordable vacations - you are taken everywhere and everything is taken care of for you. Dining - Parties - Excursions -- they are all there for YOU.

- All Inclusive - on what other vacation can you get lodging, gourmet food and entertainment.... and MORE while visiting exotic destinations for one low price?

- FUN! From on-board parties to shore excursions, you can fill your day on and off the ship surrounded by the company of other fun-loving gay men and women.

Not only are the exclusively Gay cruises popular but so are the Gay Group Cruises. These give you more cruise destinations and you'll not feel like the only gay single or couple on these trips!

Gay Tours are:

- A less stressful way of enjoying visits to beautiful and exotic destinations - your guide does all the planning and executing for you.

- All to partially inclusive so as to provide convenience and affordability.

- Composed of small to medium sized groups of gay and lesbian travelers and their friends.
